

## Biomedical Research Unit

We offer a postdoctoral fellow position for two years at the Biomedical Research Unit, Vall d'Hebrón Research Institute and Hospital, Barcelona, to work on the molecular bases of endometrial and ovarian cancers.

Interested candidates (with a Ph.D. obtained after January 1, 2001), with expertise in molecular and cell biology, competitive CVs, and at least 2 year experience, please submit a letter of application and CV to:

Miguel Abal ([mabal@ir.vhebron.net](mailto:mabal@ir.vhebron.net)) or to  
Jaume Reventós ([jreventos@ir.vhebron.net](mailto:jreventos@ir.vhebron.net))
